**FORSYTH COUNTY, NORTH CAROLINA
AMENDMENT TO
2019 PAY-GO CAPITAL PROJECTS ORDINANCE**

FROM: BUDGET & MANAGEMENT

MEETING DATE: April 15, 2021

EXPLANATION:

A workgroup of Forsyth County staff from Finance, Human Resources, Budget and MIS has been working for the past year with consultants from the Government Finance Officers Association (GFOA) to prepare for the selection of an Enterprise Resource Planning system to replace numerous existing software systems that have been in place for over twenty years and are increasingly difficult to maintain.

The County received fourteen proposals, each comprised of an implementation services contract and one or more software contracts, and after an extensive review process County staff recommends the EPR proposal submitted by Sierra-Cedar, with Oracle being the primary software package. The total five-year project cost is \$7,537,815.88, consisting of a two-year implementation services contract in the amount of \$4,240,000, and three five-year software contracts totaling \$3,297,815.88.

The Forsyth County Board of Commissioners has reserved \$4,500,000 in Pay-Go funds for the implementation of the ERP system. The five-year software contracts will flow through Finance's annual operating budget. As these contracts will be effective in the last quarter of Fiscal Year 2021, there is a corresponding budget amendment needed to make the identified amount of \$85,000 available to support the contract through the end of the current fiscal year.

In summary, the action requested is twofold: 1.) to approve the resolution awarding and authorizing execution of the contracts for the ERP software and implementation services, and 2.) amend the 2019 Pay-Go Capital Projects Ordinance to transfer \$85,000 to the General Fund and amend the Fiscal Year 2020 – 2021 budget ordinance amendment to make 4th Quarter FY21 funds available.
